

## ZNANSTVENI I STRUČNI RADOVI INTERNA / KARDIOLOGIJA

### *a) Radovi objavljeni u časopisima indeksiranim u Current Contents (CC)*

1. Sopek Merkaš I, Lakušić N Comment on von Känel et al. Early Trauma-Focused Counseling for the Prevention of Acute Coronary Syndrome-Induced Posttraumatic Stress: Social and Health Care Resources Matter. *J. Clin. Med.* 2022, 11, 1993. *J. Clin. Med.* 2022, 11, 6036.
2. Sopek Merkaš I, Lakušić N, Paar MH. Quadricuspid aortic valve and right ventricular type of myocardial bridging in an asymptomatic middle-aged woman: A case report. *World J Clin Cases* 2022; 10(25): 8954-8961.
3. Lakušić N, Sopek Merkaš I. Posttraumatic stress disorder after myocardial infarction; still a neglected entity in daily cardiology practice. *Psychiatr Danub* 2019; 31: 206 – 7.
4. Mahovic D, Lakusic N, Ljubicic I, Laktasic Zerjavic N, Tudor KI, Pavlisa G. Recurrent Transitory Ischemic Attacks with Subsequent Development of the Ischemic Stroke as Initial Manifestation of Eosinophilic Granulomatosis with Polyangiitis in Depressed Patient. *Psychiatr Danub* 2017; 29: 510-513.
5. Cohen AT, Harrington RA, Goldhaber SZ, Hull RD, Wiens BL, Gold A, et al; APEX Investigators (Ciglenecki N). Extended Thromboprophylaxis with Betrixaban in Acutely Ill Medical Patients. *N Engl J Med.* 2016;3 75: 534 - 44.
6. Compostella L, Lakusic N, Russo N, Setzu T, Compostella C, Vettore E. et al. Functional parameters but not heart rate variability correlate with long-term outcomes in ST-elevation myocardial infarction patients treated by primary angioplasty. *Int J Cardiol* 2016; in press.
7. Klasic A, Lakusic N, Gaspar L, Kruzliak P. The monitoring of anti-aggregation effect of acetylsalicylic acid therapy by measuring serum thromboxane B2 in patients with coronary artery bypass grafting. *Blood Coagul Fibrinolysis* 2016; 27: 370-3.
8. Shatynska-Mytsyk I, Rodrigo L, Cioccocioppo R, Petrovic D, Lakusic N, Compostella L. et al. The impact of thyroid hormone replacement therapy on left ventricular diastolic function in patients with subclinical hypothyroidism. *J Endocrinol Invest* 2016; 39: 709-13.
9. Cerkez Habek J, Lakusic N, Kruzliak P, Sikic J, Mahovic D, Vrbanic L. Left ventricular diastolic function in diabetes mellitus type 2 patients: correlation with heart rate and its variability. *Acta Diabet* 2014; 51: 999-1005.
10. Giugliano RP, Ruff CT, Braunwald E, Murphy SA, Wiviott SD, Halperin JL et al; ENGAGE AF-TIMI 48 Investigators (Tusek S, Ciglenecki N). Edoxaban versus warfarin in patients with atrial fibrillation. *N Engl J Med.* 2013; 369: 2093 - 104.

11. Lakusic N, Mahovic D, Sonicki Z, Slivnjak V, Baborski F. Outcome of patients with normal and decreased heart rate variability after coronary artery bypass grafting surgery. *Int J Cardiol* 2013; 166: 516 – 8.
12. Roe MT, Armstrong PW, Fox KA, White HD, Prabhakaran D, Goodman SG et al; TRILOGY ACS Investigators (Ciglenecki N). Prasugrel versus clopidogrel for acute coronary syndromes without revascularization. *N Engl J Med*. 2012; 367: 1297 - 309.
13. Istvanović N, Smalcelj A, Filaković P, Cerovec D, Plecko D. Influence of in-hospital cardiac rehabilitation on psychological status after myocardial infarction in patients with D-type personality. *Coll Antropol*. 2011; 35: 797 - 807.
14. Bjarnason-Wehrens B, McGee H, Zwisler AD, Piepoli MF, Benzer W, Schmid JP, et al; Cardiac Rehabilitation Section European Association of Cardiovascular Prevention and Rehabilitation (Cerovec D). Cardiac rehabilitation in Europe: results from the European Cardiac Rehabilitation Inventory Survey. *Eur J Cardiovasc Prev Rehabil*. 2010; 17: 410 - 8.
15. Varjabić M, Bakran Z, Tusek S, Bujisić G. Assessment of long-term activity limitations and participation restrictions of persons with traumatic brain injury using the disability rating scale. *Coll Antropol*. 2010; 34 Suppl 1: 157 - 64.
16. Lakušić N, Granec D. Improvement in lipid profile of patients referred to a cardiac rehabilitation program: is the effect of regular exercise underestimated because of the antilipid drugs? *Eur J Cardiovasc Prev Rehabil* 2009; 16: 114-6.
17. Slivnjak V, Lakusic N, Richter D, Cerovec D. Stress cardiomyopathy with ST-segment elevation of the anterolateral location complicated by a secondary massive intracranial bleeding. *Int J Cardiol* 2009; 136: e63-e65.
18. Lakusic N, Smalcelj A, Mahovic D, Puljevic D, Lovric-Bencic M. Heart rate variability differences in post-myocardial infarction patients based on initial treatment during acute phase of disease. *Int J Cardiol* 2008; 126: 437-8.
19. Fuckar K, Lakusic N, Mahovic D, Hirs I. Recurrent strokes as a leading presentation of chronic hepatitis C infection. *Arch Med Res* 2008; 39: 358 -9.
20. Lakusic N, Fuckar K, Mahovic D, Cerovec D, Majsec M, Stancin N. Characteristics of heart rate variability in war veterans with posttraumatic stress disorder and myocardial infarction. *Mil Med* 2007; 172: 1190 – 3.
21. Mahovic D, Lakusic N. Progressive Impairment of Autonomic Control of Heart Rate in patients with Multiple Sclerosis. *Arch Med Res* 2007; 38: 322 - 5.
